

# Horseshoes: Group A

- Both sides of your team have been given the same set of instructions.
- Split your team into two halves (Group A and Group B). The two halves of the team will be physically divided from one another.
- Instructions for Group A:
  - Group A will need the images contained in envelope A, 6 pieces of paper, and pen/pencil
  - For each image, Group A will need to describe what they see on a piece of paper using words only. No pictures allowed.
  - After each note is complete, Game Control will ferry the note to Group B.
- Instructions for Group B:
  - Group B will need the images contained in envelope B, 2 horseshoes, a horseshoe stake, the hint and location envelopes, and a measuring tape.
  - Group B will need to solve the puzzle by combining the information in the images they have been provided and the information on the notes from Group A.
  - Group B may send back any **unaltered** note that seems “wrong/incomplete”. Group B may not communicate with Group A in any other way.

# Horseshoes: Group B

You will need one set of horseshoes.

- Both sides of your team have been given the same set of instructions.
- Split your team into two halves (Group A and Group B). The two halves of the team will be physically divided from one another.
- Instructions for Group A:
  - Group A will need the images contained in envelope A, 6 pieces of paper, and pen/pencil
  - For each image, Group A will need to describe what they see on a piece of paper using words only. No pictures allowed.
  - After each note is complete, Game Control will ferry the note to Group B.
- Instructions for Group B:
  - Group B will need the images contained in envelope B, 2 horseshoes, a horseshoe stake, the hint and location envelopes, and a measuring tape.
  - Group B will need to solve the puzzle by combining the information in the images they have been provided and the information on the notes from Group A.
  - Group B may send back any **unaltered** note that seems “wrong/incomplete”. Group B may not communicate with Group A in any other way.
